❖ Your wedding at Nghunghwa Lodge ❖

Nghunghwa Lodge is the perfect venue to host your special Beach Wedding. The layout of the venue provides options to either have the ceremony on the beach or indoors. The Bride will cross a rustic bridge on the way to the beach area where she will meet up with her Groom and start a new life together.

Nghunghwa Lodge offers a venue with many options – whether you want an outdoors beach wedding or an indoors event, we have a place where you can shape your special day according to your likes (and the weather's dislikes). We have wedding co-ordinators on site to help make the day go as smoothly as possible.

The conference centre and restaurant can accommodate and serve up to 120 people and we have a lively bar on site with most of the guest areas overlooking the beach and lagoon.

We can accommodate 54 people including the wedding couple and we have options of extra beds available to push the group size to 88 guests. Should you have a group that is bigger than we can accommodate, we can assist with arranging accommodation at neighbouring lodges and sites.

Treat the special people in your life with an amazing experience on your special day.
